Mayor Nugent opened the meeting; the discussion was left at the last meeting to look into Thomas Street Park. He also said there are field at the Edwards Road facility as well.

Mr. Ernharth spoke to Brad Chapman concerning the use of the fields. He has indicated he is willing to work with any group that wishes to use the fields if they would approach him that group could join his group but isn't mandatory and work together for scheduling and organizing the children.

Mayor Nugent they have spoken with the high school athletic director said the field had been maintained and there was talk about the score board and pa system.

There was discussion on using the high school practice field for the games and using the recreation fields for practices. There are thing to be worked out at the school as well as getting the commitment from the school.

County Manager Carter and City Manager Ernharth are to schedule a meeting between the organizations to discuss details of an agreement that will be brought back to the commission boards.

The Fair Board is still looking into permitting them using their field but has not made a decision.

Mr. Ernharth will follow up with Mr. Norman regarding the fair board; he will get with the high school to make sure everything is still doable; follow up with high school athletic director about the score board.

Commissioner Spooner referenced the high school would be eligible for a \$5,000 grant that can be obtained to assist with the purchase of a score board, they just need to apply.

Mayor Nugent added when Mr. Ernharth has gathered the information we will schedule another workshop. He asked if there is any additional information that needed to be brought in front of the boards. Hearing none he adjourned the workshop.
